Update on travelling

I sent you our last travelling's including the giving away bicycles and Bibles to Mozambique 5 Pastors who travelled and crossed the border into Malawi.

The Five Pastors from

Mozambique blessed with Bicycles and the Bibles.

Below is a report from Brother Enock the Evangelist:-

"Greetings once again from Malawi in the name of Jesus Christ our Lord, we are so happy and very thankful to God for making possible for us to go again and do Evangelism, encouraging and teaching our brothers and Sister in the Lord.

This time we used Nissan and it has run very well. Praise the Lord!!!

Offloading Jesus movie equipment in the first village
It was a great trip and we saw God working in different ways during our travelling and we saw 513 people making their decision to follow Jesus as their personal Lord and savior.

When we were in Chigweshe village after setting up the Jesus movie and starting playing Gospel songs the village headman came to stop us, he said we don't have any

permission to show the movie in his village. I knew it was not him speaking but the devil and I said to him I don't need any permission to preach the gospel of our Lord Jesus Christ and I don't see anything hindering me to do so in his village. He called the people who called us and also some elders in his village they had a long discussion while the Gospel music was playing. I and the team we prayed the other side for breakthrough and then he came and said "no problem now you can continue" we all thanked God and God did great things that night as more people were delivered from different bondages including witchcraft and we had about 119 souls won to Christ. Praise the Lord!!! We know all this was possible because of you, as you always pray for us from that side. Thank you so much.

Because of the Cyclone that has left many people homeless in the country it has affected also much to the place of worship as many Church building fallen down and others were washed away, in our trip we have just finished were worshipping glass shade like these above, these people really need prayers and support for roofing materials and they can be able to mold bricks and burn it but they can just need roofing materials

and with the average of MK250, 000.00 they can have a good church building with a good roof.

Praying for the sick

Preaching the Word.

Worshiping the Lord

We were able to bless some Pastors with the Bibles and some new believers' pamphlets.

Once again thank you so much for all your prayers and support". We thought now we can rest as we have cleared our stocks of bicycle and Bibles (but with only 10 Bibles at hand) it is when the unlimited God blessed us again through brother Enock and received a donation of 15 bicycles and 7 Bibles. We thought we should work while the Sun is shunning. We are taking these Bibles and bicycles to Phalombe /Migowi to give to 15 Pastors from Mozambique and let finish the year without anything in storeroom.

Praise the Lord for more bicycles.

WHY? Because we should not hold any Bibles, we must give out to those thirsty leaders to pass the WORD to the poor native people in this vast land of central Africa. Praise the Lord!!! We will leave on 29th December for this place and the word of the message has already passed to them to come and meet us there. But surely we need your prayers. Lastly God is unlimited. He is not dray and we just follow him what to do next.
